

EXIS, Inc was established in 1984. EXIS sells the services and product of our manufacturers directly and through our distribution partners.

www.necelam.com

NEC ASIC: One of the largest ASIC Cellbased suppliers in the world. The largest Gate Array supplier in the world. Foundry in Roseville, CA, .15u CMOS and BiCMOS. Japan at 90, 65 and 55 nm.

Microprocessors: - NEC is the largest 32 bit Micro controller supplier in the word, and one of the largest suppliers of 8Bit, and 16Bit products.

ASSP: USB2.0, 1394, Mpeg II Encoders and Decoders, video products, PCIx switches and bridges

Memory: QDR SRAM

Distributors: Avnet, Edge, Future, Symmetry

LCDs: specializing in industrial applications, with panels sizes 2.7 to 23 inches, and QVGA to UXGA resolutions, outdoor readable versions and a long term support model for the industrial market

Distributors: Avnet, Arrow, Bell Micro, Edge, Future, Jaco

www.dawar.com

Dawar Leading provider of Interface Technologies (Touchscreens, Graphic Overlays & Membrane Switches)

Distributors: Arrow, Jaco, Edge, Future

www.swissbit.com

Swissbit produces High Quality Memory solutions for the Industrial, Embedded, Telecommunications, Military, Automotive, and Aerospace markets. Swissbit has a complete line of DRAM modules and NAND Flash Solid State Drives supporting all technologies, form factors, interfaces and temperature ranges.

www.excelight.com

Sumitomo Electric Device Innovations USA is a leading provider of optical components and modules to the Telecom, CATV, Broadband and data communication markets.

Sumitomo offers a comprehensive array of transceivers, transmitters, receivers, lasers, photodiodes, GaAs ICs, and passive components.

www.tncsi.com

TNCSI IC Substrates: FC BGA, FC-SIP. Build up process 4-14 layers (1-2-1, 4-6-4)

SANYO DENKI

www.sanyo-denki.com

Japan's oldest manufacturer of motorized fans for cooling electronic equipment. Since 1927 **Sanyo Denki** has built high reliable, high performance, dual ball bearing fans. **Sanyo Denki** provides a wide product offering, customize solutions, joint development with customers, and worldwide service.

Distributions: Arrow, PUI, Sager

www.nationalpower.com

Since 1981, **National Power** has passionately devoted its resources to being the superlative leader in mobile energy technology. We pride ourselves on creative solutions that efficiently utilize the knowledge, expertise and energies of our people, and uniquely address our customers' requirements.

Distributors: Jaco

www.radisys.com

RadiSys is the leading provider of advanced long life motherboards, embedded solutions, cPCI and Advanced Telecom Computing Architecture (ATCA) platforms and systems for the commercial, enterprise, and service provider markets.

Distributors: Arrow, Bell Micro

www.sonicmfg.com

The only regional **turnkey contract manufacturer** located in the Silicon Valley that provides "Tier 1" capabilities with the highest quality of service in the industry. "The best materials management in the industry."

www.tncsi.com

Toppan NEC Circuit Solutions, Inc.

Printed circuit board facility in Niigata, Japan, specializing in advanced technology, 14 to 40 layers, impedance controlled, fine line, fine pitch SMT: blind, buried and micro vias, high aspect ratio, front-end engineering support, ISO9002 certified. Only Deming quality winner in PCB industry.
